

Orientation and Foundations DVD

Instructions for portfolio verification of Orientation and Foundations DVD

When the entire Orientations DVD has been viewed write a summary of what you learned in each of the following sections:

1. What is Early Intervention?
2. Program's Purpose
3. System Developed and Quality Controls
4. Components of the Statewide Early Intervention System
5. Family Centered Services

A one page summary should be sufficient to cover the information learned in the sections listed. When your summary is completed it should be included in your portfolio in the section with training certificates. The summary will take the place of the Orientation and Foundations certificate.

Procedural Safeguards DVD

Instructions for portfolio verification of Procedural Safeguards DVD

Please read the "Parents Rights, Responsibilities and Resources in Early Intervention" booklet.

Choose an issue that you have learned about in the Procedural Safeguards DVD. The issue can be one that is important to you or one that you haven't previously known about. Find a form within your program that further explains the issue. On the form underline the part that explains this issue to parents. Submit this underlined form in place of the Procedural Safeguards certificate in your portfolio.
